Recommended next actions (do not edit HTML in this report run)

1. **SEO Writer:** Strengthen /commercial-fridge-repair-london so the pos-12 query lands on that URL, not the homepage. This is the clearest gap today.
2. **SEO Writer / redirects:** Collapse fridge-repair vs fridge-repairs (and freezer singular/plural).
3. **Indexer:** After that content fix, inspect /commercial-fridge-repair-london then /fridge-repair-london (max 2/day).
4. Leave informational ice/brands blogs unless titles/meta are rewritten to filter non-repair traffic.
